PALM HILLS

Life in a pulsating neighbourhood.

Artistic Rendering of Clubhouse

Apartment life. Villa style.

Close your eyes for a moment and open them again, and take in the feeling that the apartment you are in feels so much like a villa. Get ready to experience apartment living redefined.

Walk in, and be impressed by the sense of space and the attention to detail and workmanship. Appreciate the uncompromising quality all around and the various amenities that befit modern residences.

Your apartment at Palm Hills. So much more than you imagined but just what you've always deserved.

Flexibility and exclusivity.
Design your home, your way.

Palm Hills has features no other development offers. Choose either a three bedroom or a four-bedroom apartment, and get the flexibility of maximizing your living space as you wish. A simple step can turn your four-bedroom apartment into a spacious three-bedroom one, and give your three-bedroom apartment that walk-in closet you've always wanted, if you don't need the study.

Another Palm Hills advantage is exclusivity. Every floor has only two apartments, compared to the eight apartments to a floor in conventional group housing developments. This means more privacy, far less noise and a great sense of ownership. Palm Hills also has the best lift to apartment ratio, which means you travel totally relaxed to and from your apartment.

The advantage is all yours.

Palm Hills has facilities that makes it a great group housing project – a world-class clubhouse with a swimming pool and modern health and recreational facilities, beautifully landscaped jogging and walking tracks, children’s play area, courts for lawn tennis, badminton and basketball, a high tech gym, a salon/spa, a community centre, a banquet hall and business centre, cafeteria and crèche, and stores that cater to all daily needs. Yes, the value additions are truly impressive at Palm Hills.

Going beyond ceilings, floors and walls.

One of the defining aspects of Palm Hills is the emphasis on small built clusters set within wide-open landscaped green areas. Internationally known architects, ARCOP, have given this exclusive master planned community many unique features - Spanish style architecture, segregation of pedestrian and vehicular movement, efficient floor plans and an excellent blend of housing and green spaces.
